Miles Brennan  
4WD Australia Association

30/01/2019

Dear Miles

After reading through your request I/we can agree with you on the following:

- 1/ That the Federal Road “Vehicle Standards Act 2018” needs to be revisited, either to be amended or replaced. There should be a national standard that covers all vehicles that use our roads and highways.
- 2/ Establish a National Vehicle Modification and Certification Program for in-service registered passenger vehicles as recommended, to be implemented federally and in parallel with ADRs; and
- 3/ Ensure industry and community engagement are a key basis for the Vehicle Modification Framework.

We thank you for bringing these matters to our attention and we appreciate your concerns. trust our support plus others can make a difference.

Kind regards,

*Yvonne*
