Dear Miles

Thank you for contacting the Health Australia Party (HAP) and for bringing to our attention the issues you are experiencing regarding modifications to four wheel drive vehicles.

HAP fully supports your initiative to:-

- Amend the federal Road "Vehicle Standards Act 2018" (replaces the Motor Vehicle Standards Act 1989) to allow "Mutual Recognition" of all individual state engineering, approved certifiers and certification schemes, to be recognised and accepted by all state registration authorities;
- Establish a National Vehicle Modification and Certification Program for in-service registered passenger vehicles as recommended, to be implemented federally and in parallel with ADRs; and
- Ensure industry and community engagement is a key basis for the Vehicle Modification Framework.

Thank you for bringing this matter to our attention and we trust the disparity between states can be resolved in an efficient and mutual manner.

Yours sincerely

Dr I Golden
