

Mr Miles Brennan  
Four Wheel Drive Australia  
PO Box 174  
Brisbane Markets QLD 4106

6 May 2019

Dear Miles,

A smaller, smarter government and reducing red tape are core policies of our party.

This means we support your initiative to simplify, streamline and unify rules and regulations relating to vehicle safety and compliance, including aftermarket parts, accessories and modifications.

We also call for scrapping the unfair fuel levy of over \$0.40 per litre, which de-facto creates a tax on a tax and an additional administrative layer to manage this unfair levy.

We believe the maintenance of our road network should be covered by everyone who benefits from road transport via an adjusted GST. This will reduce the cost of living for workers, make our industry and farmers more competitive and spread the burden across more shoulders.

Kind Regards,

A handwritten signature in black ink, appearing to read "Ralf Schumann".
