

## ACT GREENS RESPONSE TO ARMA TIME TO ALIGN ELECTION COMMITMENT

Thank you for writing to the ACT Greens

The ACT Greens recognise and agree to the overall goal of national uniformity in vehicle standards and vehicle modification rules, as outlined in the ARMA Time to Align Campaign.

<https://www.timetoalign.org.au/act-pre-election-request/>

The ACT Greens agree that there should be national uniformity in vehicle standards and vehicle modification rules. We support the Transport and Infrastructure Council considering these issues to ensure uniformity and streamlining in the future. Our understanding is that the ACT is currently very closely aligned to the uniform modifications standards but we would support a review of any areas where we differ to see if this can be improved.

We think there is merit in the range of issues you raise and would support their investigation in the ACT, with the goal of making recreational vehicle modifications practical, streamlined and safe.

Kind regards

**Clancy Barnard (he/they [pronouns](#) )**
